FOUND DEAD.

MOROCCAN AFFAIR

Col. Colville, Who Led Minnesota Soldiers at Geftysburg. Passed Away Saddeuly.

(Associated Press.).

Minneapolis, June 13.—Col. Wm. Colville, of Red Wing, Minn., who led the famous charge of the First Minnesota regiment at the battle of Gettysburg, was found dead in bed today at the Minnesota Soldiers' Home in this city, where he went yesterday to be ready to celebrate the reunion of the regiment today.

The First Minnesota, commanded by Colonel Colville in the latter part of the war, was the first regiment offered for the civil war. At Gettysburg 264 men were in a historic charge. Forty-three returned alive and uniajured. Colville, who led, was seven times wounded.

RUSSIA FAVORS

AS MEETING PLACE OF REPRESENTATIVES

Is Willing to Allow President Roosevelt to Settle the Question--Negotiations at Washington

St. Petersburg, June 13 .- An early in dication of the time and place for the meeting of the Russian and Japanese peace plenipotentiaries is expected to some from Washington as a result of the exchanges between the belligerents on that subject now proceeding there through Count Cassini and M. Takabira, with President Roosevelt as the inter-

through Count Cassini and M. Takahira, with President Roosevelt as the intermediary.

In diplomatic circles the report is current that Russia, whose choice of place continues to be Paris, is ready to allow President Roosevelt to decide that point, in which case there is reason to believe the President may name Manchuria, but the report cannot be confirmed.

Ambassador Bompard, who has returned from Paris, was closeted with Ambassador Meyer this afternoon, Count Von Alvensleben, the German ambassador, was also among the American ambassador's callers.

In spite of the rather pessimistic official utterances of the foreign office, the atmosphere there is distinctly optimistic, and European ambassador who saw Foreign Minister Lamsdorff to day described the Russian minister as being almost in a jubilant mood. The opinion is practically unanimous that if Emperor Nicholas avails himself of M. Witte's services, once it is decided the Japanese conditions can be accepted as a basis for peace negotiations, he will be able to make the best terms for Russia.

An entinent diplomat, in conversation with the correspondent of the Associated Press, referring to the possibility of a Russo-Japanese alliance succeeding the war, said he considered that a defensive agreement is entirely unlikely. He added: "If Russia were still the big end of the combination, as was the case when she rejected, against M. Witte's advice, the aliance offered by the Marquis Ito, compelling the Emperor of Japan to turn to Great Britain, an offensive and defensive alliance offered by the Marquis Ito, compelling the Emperor of Japan to turn to Great Britain, an offensive and defensive alliance offered by the Marquis Ito, compelling the Russine Emperor's government later concluded to make an attack on India. This is the more improbable, in asmuch as Great Britain is anxious not only to renew, but to strengthen her alliance with Japan."

MINISTER RECEIVED

MINISTER RECEIVED

COPY OF JAY REPLY.

London, June 13.—Baron Hayashi, the Japanese minister, has received a copy of the Japanese reply to President Roosevelt. It is identical in terms with the Associated Press announcement of its contents made on Saturday last from Tokio.

DELAYS PUBLICATION OF THE REPLIES.

DELAYS PUBLICATION

OF THE REPLIES.

Washington, D. C., June 13.—It was announced to-day that President Roosevelt, it can be said that it is in perfect accord with the assurances given the President to make public the replies of both Russian and Japan to his appeal for a cessation of hostilities in the Far East, but a decision has been reached not to publish them, at this time. This determination was arrived at at the surgestion of both beligerents that the publication of the responses at this juncture might not be desirable. Official assurance is given, however, that the informal statements of the responses at this juncture might not be desirable. Official assurance is given, however, that the informal statements of the important of the responses at this juncture might not be desirable. Official assurance is given, however, that the informal statements of the responses at this juncture might not be desirable. Official assurance is given, however, that the informal statements of the responses of the prepiles are not only accurate, out practically complete as to the information contained in them.

Neither of the formal visponses of the penilos on the water. Glowed by the coaches, the information contained in them.

Neither of the formal visponses of the penilos are not only accurate, out practically complete as to the information contained in them.

Neither of the formal visponses of the penilose of meeting of the peace conference, or the names of the penilose of meeting of the peace of the first mere acceptances. In diplomatic form, of the proposition of President Rooserelt.

The discussion of the time and place of meeting of the peace of the first mere acce

home governments.

It is announced officially to-day that Paris was the choice of the Russian government and London of the Japanese. It can be said that neither government expected that its choice would be ratified by the other.

that the issue now being decided is not only the place for Russo-Japanese negotiations, but the number of the negotiators, and it is believed another feature not yet disclosed. Unless Japan suggests Paris or Mukden, rather than any European capital. Washington is likely to be selected. Russia appreciates the advantage of the negotiations taking place beyond the sphere of outside influences, and if President Roosevelt is asked to decide the question in case the belligerents cannot agree, it is considered certain that he will not hesitate to do so. Indeed it is the understanding here that the President, as previously set forth in these dispatches, while not urging his views, has already pointed out to both countries the advantages of Manchuria.

WERE REPULSED.

Tokio, June 13.—2 p. m.—It is offi-cially reported that on June 11th some mixed columns of Russian troops at-tacked the vicinity of Ying Sohen, Ershihlipeo and Shufangtai. All the attacks were repulsed. The losses are not stated.

BRITISH STEAMER

SUNK IN CHINA SEA.

Singapore, Straits Settlements, June Singapore, Straits Settlements, June 16.—The Russian anxiliary cruiser Dnieper (formerly the St. Petersburg) recently stopped the Dutch steamer Flores, from Amsterdam for Batavia, in the Straits of Malacca, and transferred to her 41 of the Chinese crew and the mails belonging to the British steamer St. Kilda, from Hong Kong, captured by the Dnieper with contraband on hoard and sunk in the China sea. The European officers of the St. Kildo returned here on board the Dnieper.

THE QUESTION OF

CONTRABAND OF WAR. St. Petersburg, June 13 .- As predict

ed in these dispatches, the written de-cision of the high admiralty court hand-ed down today admits the principal of conditional contraband in the case of cot-

MANY PEOPLE REPORTED

Russian Soldiers Attacked Jews Who Opened Fire, Which was Returned by the Troops

(Assorlated Press.)

Warsaw, June 13.—The outbreak of rioting at Brest-Litovsk, during which, according to report, many persons were killed or wounded, originated in a connect-between Jews and army reserve men bound for the Far East.

The soldiers are said to have looted the provision stores, and the Jews in

WENT THROUGH BRIDGE.

Engineer Deal and Fireman Missing-Several Passengers Reported to Have Been Killed.

Princeton, Ind., June 13.—A special train consisting of a baggage car, a smoker and four chair cars on the Southern railway, carrying confederate veterans to the remoion at Louisrille. Plunged through a bridge over the little Wahash river to-day at Golden Gate, Illinois, 37 miles west of here.

William Griatz, the engineer is dead, and J. D. Johnson, the fireman, is missing. He is believed to be under the engine.

Van Buren, Ind.. June 13.—That merchants in this vicinity have been fleeced out of \$100,000 by bogus cheques on the Standard Oil May payroll has developed on the arrival there of Assistant Treasurer C. F. Davis from New York to investigate. The forged pay cheques range from \$100 to \$1,000, and are duplicates of the genuine Standard Oil cheques.

The forgeries passed the banks, and were not discovered until checking up bgan at the company's office. The signature of F. S. Black, treasurer of the company, is so well imitated that it deceived bankers familiar with it. It is said that bogus cheques are being received from the Pennsylvania, Ohio, Indiana and Katucky oil fields, in each of which investigations are being made.

ANOTHER ROTHSCHILD DEAD

THE V., V. & E. BILL

EFFORTS BEING MADE TO BLOCK IT IN SENATE

Canada's Trade Continues to Grow-The Increase During the Month

Ottawa, June 13.—As it is a foregone conclusion that the Victoria, Vancouver & Enstern Bill will pass the Commons, efforts are now being made to get the Senate to throw it out after reaching there.

Conservatives complained that six members of the militia were sent to camp from London because they would vote for the opposition. Hon, C. Hyman asked the minister to have them returned, and orders were given permitting them to go back and vote.

Trade Returns.

Trade Returns.

Canada's trade shows a big increase for the past month. The imports show a growth of \$2,245,136 and the exports of \$1,424,338. For eleven months, ending May 31st last, the imports were \$233,274,627, an increase of \$12,524,447, and the exports \$175,923,102, a decrease of \$10,490,907. The aggregate trade of Canada for the eleven months was \$400,107,729, an increase of over two million dollars as compared with the same time last year.

Was in Canadian Waters. Commander Spain reports that the American tug in Lake Erie was fishing in Canadian water when run down by the cruiser Vigilant.

'ahe Grand Trunk Pacific mortgage and financial bill passed the railway committee to-day.

FAMINE IN RUSSIA.

Failure of Wheat Crop in the Upper Volga Region.

St. Petersburg, June 13.—The prospects of a good Russian wheat harvest continues. In the south, southwest, anorthern Caucasus, Vistqua district and the Urai provinces, the condition of the crops is far above the average, but the outlook is correspondingly bad in some of the central governments and the Volga region. The outlook for ree is less satisfactory, the failure of the crops covering the same area as the wheat failure and is practically complete in the upper

ARCHDUKE DEAD. Joseph Charles Louis, of Austria,

Passes Away. (Associated Press.) Vienna, June 13 .- Archduke Joseph of

Austria, died this morning. He was

born in 1833.

Jeceph Charles Louis, Archduke of Austria and royal prince of Hungary, was born at Pressburgh, Hungary, March 2nd, 1833. He had always been March 2nd, 1833. He had always been known as the Hungarian Archduke, and was deeply loved by the Hungarian people. He was educated in Hungarian spirit. In 1845 Archduke Joseph entered his father's Hussar regiment and hey gan his experience of active service. Returning from the wars, Joseph was made commander-in-chief of the Hungarian "Honved," and held this position until his death.

Early to-day United States Ambas-sador Meyer at St. Petersburg inform-ed the American government that

Russia Had Accepted

WILL BE SETTLED

MINISTERS DISCUSS

ister, were the principal conferees. President Roosevelt now has unequivocal assurances from both Russia and Japan of the acceptance of his proposition that they enter on negotiations for, to state in a general way the contents peace. The President likewise is assured of the absolute sincerity to his suggestion.

Japan was the first of the two powers

Japan was the first of the two powers

to talk about it. He expressed the opinto ta

president.

It can be said that the place of meeting of the plenipotentiaries of the two governments has not been finally selected. In the arrangement of this detail and others of like importance. President Reosevelt is acting as an intermediary between Russia and Japan. Russia, through Ambassador Cassini, has indicated her preference for one place for the holding of the beauty conference and Japan, through Ministr Takahira, has suggested another. It is intimated officially that an agreement on the place of holding the meeting may be determined in a few days, but no suggestion except of a negative character in the choice of either of the bellig-rents is obtainable. It is known that neither Washington for the battlefield of Manchuria was the selection of either Russia or Japan. Further than that information of a definite nature was withheld. There is no suggestion that in the question of selection of the location of the peace conference, Japan was the first of the two powers to indicate its acceptance of President

resident Roosevert shall act as an arritrator.

It is expected that the two governments principally interested will have no
difficulty in reaching an agreement on
that point, as Russia already has indiented informally that Japan's selection
of a place would probably be satisfactory to Emperor Nicholas.

Official assurance is given that at
present the response made by Japan to
the President's identical note will not be
made public from Washington in precise
form, inasmuch as the Russian reply is
not available in similar form. Negotiations between Washington and St. Petersburg and between Washington and
Tokio are in progress, and the final arrangement for

The Peace Cnference

ts essential details are likely to be a question of a few days. As soon the arrangements are definitely comat the arrangements are definitely com-leted, an armistice will be agreed upon, and, the great armies in Manchuria will over their arms pending the formal egoliations of a permanent freaty of care.

ber of plenipotentiaries. Upon his re-turn to the embassy, the ambassador, it is understood, communicated this infor-

is understood, communicated this information to his government. On one point Count Cassini and Minister Takahira agreed, and that is the undesirability of Washington for a midsummer conference. What else was talked about at the conference is not known.

Briefly the situation is this Japan does not want Paris, and Russia does not favor Mukden or Chefoo. Both are approsed to Washington for climatic reasons, though neither would oppose the selection of an American watering place, and among those already mentioned are Newport and Manchesfer by the Sea. This idea is especially favored among the representative neutral powers who establish their embassies and legations in New England for the summer. Of the places under consideration in Europe it is said Russia

Might Accept The Hague.

Might Accept The Hague.

Might Accept The Hague.

Geneva is also considered, and it would not be objectionable to Japan. A long conference at the Russian embassy, this evening between Mr. Van Swinderin, the Netherlands minister, and Count Cassini, the Russian embassador, strengthened the belief that Russia was seriously considering the selection of The Hague for the scene of the negotiations.

A point realized by the representatives of both beligerents here, and which has been emphasized in their dispatches, that in order to take advantage of the President's offer to give any advice or assistance that might be solicited, the selection of an American city for the conference would facilitate the necotiations in keeping in close touch with the President. Rooseveit's proposition. The formal response to his identical note of Thursday last was received from the Japanese government Saturday. Informal assurances of acceptance of the President's suggestion were received from the Russian government a little later; but the assurances from St. Petersburg were not of the definite character as had been received from Tokio.

URGES JAPAN TO SUBMIT LENIENT TERMS.

Japan Was First of Powers to Indicate its Acceptance of President Rossevelt's Proposal.

Washington, June 12.—Official assurance that the President's efforts in the effort to bring Russia and Japan to accept the two governments to his identical note, but under the circumstance with success was brought to the White House to-day by Count Cassini, the Russian and in the name of Emperor Nicholas formally accepted the President's effort good-will.

The following official statement regarding the conference was issued at the White House:

"Ambassador, who called to express the Russian government's assent to the President's proposition and to state that they would appoint plenipotentiaries to Japan to negotiate a freaty of peace. While the response of the Russian and papont plenipotentiaries to meet the plenipotentiaries of Japan to negotiate a freaty of peace. While the response of the Russian and Japan to make a statement to the President's proposition and to state that they would appoint plenipotentiaries to meet the plenipotentiaries of Japan to discuss the question of peace. The place of meeting is at present being discussed."

Shortly after the official statement to meet the plenipotentiaries of Japan to discuss the question of peace. The place of meeting is at present being discussed.

Shortly after the official statement of the president's proposition and to state that they would appoint plenipotentiaries of Japan to discuss the question of peace. The place of meeting is at present being discussed.

Shortly after the official statement powers and public. In addition to indicating the acceptance by the Russian government of President Rossevelts as to the President's proposition and to state that they would appoint plenipotentiaries of Japan to negotiate a freaty of peace. While the response of the Russian government of the President of the Emperor Nicholas to appoint the plenipotentiaries of Japan to the plenipotentiaries of Japan to the place of meeting of the place of meeting of the place of meeting is at pres

the President's proposition and to state that they would appoint plenipotentiaries of Japan to discuss the question of peace. The place of meeting is at present being discussed."

Shortly after the official statement quoted was made public. In addition to indicating the acceptance by the Russian government of President Rosevelt by proposition, Count Cassini informed the president's efforts have been directed to wards bringing the belligerent powers to name their plenipotentiaries and agree on a Time and Place

Time and Place

for them to meet to discuss terms and negotiate a treaty of peace. These details are now under consideration with a bright prospect that such minor differences as may exist will be removed within a few days.

Conferences of supreme importance were held to-day in Washington. The blue room of the White House was the scene, and President Rosevelt, Count Cassini, was held in the blue room of the White House was the scene, and President Rosevelt, Count Cassini, was held in the blue room of the White House was the scene, and President Rosevelt, Count Cassini, was held in the blue room of the White House and Kogoro Takshira, the Japanese minister, were the principal conferees. President Rosevelt now has unequivocal nesurances from both Russia and Rapan of the acceptance of his proposi-

COUNCIL OF WOMEN

Their Regular Meeting.

At the recent regular meeting of the local Council of Women a communication was received from New Westpainster regarding the Dominion exhibition, stating that exhibits sent by the council would have free transportation. The council were unable to take action until the prize lists were sent out. A communication was also received from the National Council regarding the changing of the standing committees to their conveners. A committee regarding street education of the children was appointed to report at next meeting. The street education of the children was appointed to report at next meeting. The
committee regarding a grant of land for
a university were given further time.
Mrs. Spofford was appointed delegate to
the National Council to be held in Halifax, Mrs. Cooper to act as corresponding secretary during her absence. It
was decided that the council should held
holidays during July and August.

PROPOSED MERGER.

T. F. Ryan's Proposal to Organize Huge Trust Company.

New York, June 12.—The organization of the largest trust company in the United States and one of the largest financial institutions of the world, was said to-day to be a part of the plan of Thos. F. Ryan in negolating the purchase of the stock of the Equitable Life Assurance Society, held by James H. Hyde. Mr. Ryan's plan was reported to-day to be to consolidate the Equitable Trust, the Mercantile Trust and the Morton Trust companies, all of this city, with the latter in control. It is expected that this would result in creating a financial institution with deposits second ed that this would result in creating a funncial institution with deposits second only to those of the National City Bank of this city, which has deposits of \$185, 000,000. The deposits of, the proposed consolidated trust companies would amount to \$169,000,000; the capital stock of \$7,000,000, and the surplus to \$22, 700,000.

Mr. Ryan's pian was reported to-day to contemplate also the elimination of the

contemplate also the elimination of the control of subsidiary companies by Equitable Life Assurance Society.

COUNCIL DISCUSSES

- Montreal

CIVIC SOLONS SPENT TIME AT ROUTINE

Spring Ridge Sewerage Scheme to Be Considered at Special Meeting Ihuraday Night. Est.

regular meeting of the city council was held last evening, the Mayor pre siding, and present Aldermen Fullerton, Douglas, Hanna, Hall, Elford, Oddy, Fell, Stewart and Goodnere.

Before formal business began, Ald. ugias moved the following resolution: That a hearty vote of thanks be tendered table treatment extended to the Mayor the 10th instant on the occasion of the formal opening of the Coquitlam tunnel, nd that a copy of this resolutein be forwarded to the said company.

Carried unanimously.

ecretary of the Victoria Property Owners Association, T. C. Sorby, a follows Gentlemen - At a meeting of the board of

With this object in view, the board would respectfully suggest the appointment (under sub-sections 119 and 119a of section 10, Municipal Clauses Act) of three specially qualified honorary commissioners (one to be suggested by the Horticultural Society and suggested by the Horticultural Society and one by the Natural Elistory Society), who should belod office continuously as in the case of the heapital board, library commissioners, etc., and whose duries should be to conserve the natural beauties of the city and park, and without whose sauction notrees on the public property or adjacent thereto should be destroyed or damaged, or any of the natural beauties and attractions defaced or disfigured.

The board feel that such rathless destruction of trees as has taken place in the past, and is continually occurring along our residential streets, is a serious menace to

residential streets, is a serious menace to the natural beauty of the city, and that the practice should be checked and placed un-

tain streets. Received and filed.
S. M. Lee complained of a nuisance on Collinson street. Referred to the san-

on Collinson street. Referred to the sanitary officer.
Ian St. Clair asked that the boat landing at the foot of Pleasant street be put in proper repair. Referred to the engineer for report.
Ian St. Clair complained that the conduct of bathers in the Arm is disgraceful, and asking police interference. Referred to police commissioners.
A communication was read from the pound keeper, stating that the cow belonging to Mr. Johnson was not injured in being impounded. Mr. Johnson asks for St. the amount collected from him.

longing to Mr. Johnson was not injured in being impounded. Mr. Johnson asks for Si, the amoust collected from him.

Ald Stewart thought the pound keeper had exceeded his duty.

Ald. Fullerton said the suggestion in the communication that Mr. Johnson had tried to bribe the pound keeper was sameful; he was too honorable a man for that.

Received and filed and Mr. Johnson to be informed that no refind can be made. Tenders for fire hose were then opened The Gutta Percha Manufacturing Company, of Toronto, and the Canadian Rubber Company, of Montreal, both offered hose at 90c. a foot. Referred to fire worders and fire chief.

J. S. C. Brown and 18 other hackmen pittioned for a space to be set apart in Belleville, street, near the C. P. R. wharf, as a stand during steamer arrivals for waiting hacks. Referred to the streets and bridges committee.

Mr. Shauks and others submitted a petition asking that Snowdon street be made passable for traffic. City engineer to report.

A petition was received from St. Saviour's church asking the improvement of Catherine street. City engineer to report.

Streets, bridges and sewers committee.

sort.
Streets, bridges and sewers committee reported as follows:
That work proceed on the cofferdam required in connection with the proposes oathing establishment on Dallas road; that the propose is war to reducin the council cannot see its way to reducir sewer rental tax of the Albion Iron Work sewer rental tax of the Albion Iron Works
that the Tramway Company be given per
mission to proceed forthwith with laying a
double track from Johnson to Prador
street on Government, and that the city
engineer report in connection with the re
moving or trimming of the broom on Fair
field road.

Beld road.

The report was adopted.

The finance committee reported that expenditures for the month amounted to \$10,205.58. Adopted.

It was moved by Ald. Goodacre, seconded by Ald. Hall, that the following be appointed a court of revision: His Worship, Ald. Goodacre, Hall, Oddy, Hanna. Carried.

The city pound amendment by law was read a second and third time and passed. Ald. Oddy wanted to know what was going to be done with certain old trees in the old cemetery. He suggested that a committee be appointed to decide definitely which trees should be removed.

Ald. Hanna said the purchasing agent had the matter in hand since the contract was let; he was fit to carry the business out himself without interference.

Aid. Fell said only the poplar trees were to come down; even when those were cut down, a hundred fine trees would remain standing at the cemetery. It was decided to instruct Mr. North-cott to see that the contract is carried out to the letter.

The council adjourned until Thursday evening, June 15th.

Before the counct meeting last night interest that \$4,000 will be necessary if the city must expropriate property sufficient for a right of way in Spring Ridge, in view of he fact that the property owners will not consent to give the land for the proposed sewerage extension for the proposed sewerage extension scheme. The matter is to be debated at Thursday evening's meeting of the

as popular as it should be is not provet If such a contention had been allowed, it by the adverse vote given the govern might have been followed by serious com- ment candidate in the recent el thorities took the generally accepted in-ternational view of the situation and in-intends shall be given and what efforts sisted upon strict compliance with recog-nized law. If Admiral Enquist had the surmise is that there is misdirection taken refuge in a French port, a pos-sib...ty respecting fugitive ships in the Governor Congdon did not read aright been serious complications—considering was talented and popular. He is up-the nature of the relatious between the republic and the Russian empire, there with dire possibilities to the Enquist decided that the route to Man-ila was least likely to be patrolled by

sary precedent in international affairs. Commenting on this phase of the war Commenting on this phase of the war situation, the New York Post says the administration's decision to interne the Russian cruisers at Manila is extremely wise, and marks another advance in the law of asylum for beligerents. It will be remembered that the yeasels interned at neutral Asiatic ports since the beginning of the war were dismantled only after some days or dismantled only after some days or weeks of waiting. Thus the gunboat Mandjur was not placed out of com-mission at Shanghai until the arrival of a Japanese warship off Woosung stirred up the Chimese officials. The indefensible cutting out of the destroyer Ryeshitelni at Chefoo was excused by the Japanese on the ground that China had made no effort to interne the boat. The difference between the case of the Lena at San Francisco and that of Rear. Admiral Enquist's vessels at Manila is that in the former case her repairs were due to the ordinary deterioration of setive service, while the cruisers in the active service, while the cruisers in the Philippines received their injuries at the Which to the O localy could be received. hands of the enemy, and not through
"stress of weather." This fact made
necessary greater circumspection in
dealing with them, since to allow them
to repair for some time, and then par to

sea might lead to a Japanese complaint that the United States, a neutral, gave the Russians the opportunity to recover from the blows inflicted by Togo's fleet. Manila at a fifteen-knot rate, and could it is obvious that they are quite capable of taking the seas without danger of sinking. Under the circumstances, the President gave them their choice of taking on the necessary water and stores at the expiration of that time, or dis-mantling. The decision, we repeat, is most creditable to the authorities and at the same time sets a precedent for the treatment of vessels disabled by gunfire, which should be of permanent impor-

tance in international law.

Nevertheless and notwithstanding there is little likelihood that either Admiral Enquist or his master would have been very anxious to take or send the three warships to sea if permission had been given to make the necessary repairs. If they had gone out Togo would assuredly have got them. As it is the disposition of the interned ships will tiations. In the end they may be the nucleus of a Russian fleet on the Pacific. But for their speed and the wise discretion of Enquist they must either have gone to the bottom of the sea or been added to the rapidly increas ing strength of Japan as a naval power.

THE ALBERNI SEAT

It is really a sad thing that Commissioner McInnes should threaten to continue a thorn in the flesh of local Conservatives. Politicians can be very deliberate in their movements on occasion. Premier McBride has been known to keep a constituency open for a very long time ESTABLISHING A PRECEDENT, when party advantage seemed to suggest such a course. The Commissioner of the Yukon is out of politics for the time bemember for Alberni, Sach a course are not in the confidence of the Commis-sioner, but we think we may venture to precedent that might be unduly embar rassing to the government. Nor will h hasten to resign because the McBride government is elated at the idea of his departure and is in unexampled haste to

A QUESTION OF AUTHORITATIVENESS

M. A. P.
Donald Mackenzle Wallace once Sir Donald Mackenzie Wallace once found himself at a club in Edinburgh, where he fell into a conversation about Russia with a youth who put forward some views in which he could not acquisee. "Oh," said the youthful one, "it is all very well for you to say that you do not agree with me, but I know all about it. I have just been reviewing Wallace's Russia."

"And I have just been writing it." was

found himself at a club in Edinburgh, where he fell into a conversation about flussia with a youth who put forward some views in which he could not acquiesce. "Oh," said the youthful one, "it is all very well for you to, say that you do not agree with me, but I know all about it. I have just been reviewing Wallace's Russia."

"And I have just been writing it," was the natural reply.

The former speaker lived to be famous; he was R. L. Stevenson.

A CONSERVATIVE VIEW.

Moutreal Gazette.

The British Columbia legislature at its last session enacted that eight hours should be a day's work in a mine. As a result, the Western Fuel Company has closed down lits mines at Nanaimo, their operation having been rendered unprofitable unless the miners will consent to accept a 10 per cent. reduction in wages. The Pacific province is unfortunate in having among its legislators a very large proportion of politicans who believe their principal mission of summer.

"Love and Friendship."

Ed. Redmond and his organization arrived this afternoon on the steamer whateom, and to night will again appear before a Victoria andience, presenting a delightful comedy drama entitled "Love and Friendship."

This will be recognized as one of the strongest plays that have been seen in many seasons, and as it affords ample opportunities for the players a splendid evening's amusement is assured.

All of the old favorites will be on hand, and by the advance sale it looks as if all the old patrons will be there also. Mr. Bronson has been here for the past week arranging for the company, and Stage Manager Lydon has been busy getting everything in shape.

The sale of seats, which began Monday morning, has been lively, and many company and during the much sought to-day and during the much sought to-day and during the much sought to-day and during the sought to-day and during the much sought to-day and during the many company and the same to be fore a V lators a very large proportion of politicians
who believe their principal mission on
earth is to set as regulators of business
conditions. Other places than British Columbia have suffered in the same way.

Dog and Pony Show.

When Cozad's California Dog and Pony Show appears here to-morrow and Thursday, the public will see one of the most uniquie figures in the sawdust arena. It is that of Prof. C. I. Cozad, when he have relieved or company for arena. It is that of Prof. C. I. Cogad, who has been a trainer of animals for over twenty pears, and who loves his pets as a parent loves his children. Mr. Cogad said in a recent interesting interview: "Asyone can train animals to perform tricks who will devote the time to it and use a little judgment. It is nonsense to thick one must be possessed of any special qualification. The whole science of training animals resolves it self into one thing—that is work and hard work at that. Of course, one must be kind, patient and persevering. It is slow work at first, and one cannot see much advancement in any animal that is being trained in the first few days, sometimes weeks. But if the trainer confinues the results will, in most cases, be satisfactory. Never punish an animal for the above. be satisfactory. Never punish an animal for the sake of wearing out a whip. Re-member the most contemptible thing that punishes dumb creatures unnecessarily. When an animal does anything particularly well, show your appreciation by a kind word, a stroke or a carees and occasionally reward him with a small particle of food which the animal likes most."

Exhibition will be a small particle of the control of the control

day evening and Thursday afternoon and evening at the corner of Douglas and Herald streets.

Forty-two women, most of them carrying children in their arms when they appeared in the New York police court, were fined \$3 each for obstructing the fire escapes in the tenements where they lived. Most of the prisoners could not pay their fines and were locked up, with their children, in jati. Boxes, barrels and refrigerators were kept on the fire escapes.

danger of infection).

If it is a disgrace to die rich, what is it oured all kinds of corns, warts and bunto live rich and indifferent to such suffer lines. Painless, safe and guaranteedings?

Try it.

oth sounds.

A weasel, too, which is one of the nole's chemies, can hear these sounds brough a couple of inches of earth and often catches the mole when he throws up his hillocks of earth. The common is the common that the

Most people suppose a mole to be dumb, but it is not. A mole can give a sound so shrill that it hasn't any effect on the human ear at all, and amother sound so low and soft that no human being can hear it. Yet a weasel can hear both these sounds as plainly as you can the report of a gun, and the sound resistering machine—the phon-autograph—will show them both, with scores of other sounds you are deaf to.

The usual note of a mole is a low pure, which is used a good deal while at work underground, and it can also shout at the top of its voice if hart or afaimed, but, though it shouted and purred in your ear, you wondn't hear it. The sound register, however, with its delicate pencil that marks the volume of sounds.

A weasel, too, which is one of the mole's enemies are all and analysing reports come from Korea lexit, perhaps, are extraordings. Not for many years has the social atmosphere been so charged with spiritual electricity. Wherever we turn, in politic centres or the barbarous extremities of the earth, among all peoples and under every variety of creed and condition, the same phenomena are manifest. As in a conflaration, lie here leaps from point to point, bursting out in a dozen distant spots at once. Now it is Australia and New Zealand that are chiefly affected; then amazing reports come from Korea; next, perhaps, are extraordinary returns from Los Angeles, Atlanta or Pittsburg.

Just at present the centre of interest is

both sounds.

A weasel, too, which is one of the mole's enemies, can hear these sounds through a couple of inches of earth and often catches the mole when he fhrows up als hillocks of earth. The common field monse, too, has a pour that is altocation beyond you, though you can hear him squeak plainly essuich the shurt. A death's head moth, too, can squeak, but that is done by rubbing his wing rosother, and is not a voice at all.

But the chempion of all creatures for good hearing at Lane that can hear a round that is ever 100 decrees beyond your own limit, is the ecommon thrush, and you may often smuse yourself by watching him at it. He can hear a log worm moving underground, locate him by the noise and haul him out.

Often you may see a thrush stand perfectly still on your lawn, cock his ear, and listen intently, then make a couple of steps and haul out a fat log worm. Even the starling, which is about the isso of a thrush, came and being a displemy and fifth; but "the men were as respectable in their demeanor and as clean in their talk as one could desire.

Some erringer recoverdingly returns from Los Angeles, Atlanta or Pittsburg.

Just at present the centre of interest is in Wales, where seenes are witnessed quite as thrilling as any in the history of revivals. All accounts agree that the Welsh revival is unique for spontancity and fervor. Its leader, so far as it has any, is a young divinity student of 26, Evan Roberts by name, simple-hearted, secsible, ablaze with zeal. But the movement is far beyond any personality, Religion is the one topic of conversation. Meetings are extraordinary returns from Los Angeles, Atlanta or Pittsburg.

Just at present the centre of interest is in Wales, where seenes are witheast any in the history of revivals. All accounts agree that the wites she that he was a pour divinity student of 26, Evan Roberts by name, simple-hearted, any, is a young divinity student of 26, Evan Roberts by name, simple-hearted, any, is a young divinity student of 26, Evan Roberts by name, simple-hea

ASQUITH BEGAN EARLY.

For Leather Boks, new shar

When Mr. Asquith was a lad he was a pupil at the city of London school: In the very readable biography of him by P. J. Alderson, Dr. Abbott, who was then headmaster, gives an interesting glimpse of the debating powers which even at that early stage Mr. Asquith displayed:

even at that early stage Mr. Asquith displayed:

I used to sit with the boys as president, says Dr. Abbott, after school hours while they debafed; and as the presidential duties were nominal and time was precious, I used to continue correcting exercises and endeavoring, mostly with success, to restrict my attention to the debates within such limits as not to interfere with my work. But when Asquith entered the society, I began to find this difficult. As he developed it became more difficult, and finally, whenever he entered the list of orators, I resigned myself to a willing attention, and was content to take my exercises away with me uncorrected.

As to the qualities in Asquith's speaking, which made Dr. Abbott listen, they were, we are told, very much the same as make men listen to him now, and not only listen but read.

A DEATH-BED TOAST,

One of the few remaining severals of the Italian wars of independence, General De Sonnaz, has died in Rome. He was a great friend of the late King Humbert. The present King Victor Emmanuel paid a visit to him on his deathbed, and was greatly moved. Before dying, and just after he had received the last sacrament, says Reuter, the general expressed a desire to put on his uniform. He then called for champagne, and drank with those around his bed. To the health of the King and the prosperity of the country.

GREAT DEVELOPMENT IN MINING CLAIMS

Probability That Present Season Wil See Much Activity Along the Coast - Deer Creek Ore Shipments

The steamer Queen City arrived last vening from the West Coast ports after a very pleasant trip. She was as far north as Quatsino Sound on the present run, and reports excellent weather all the way along the coast. The Queen City brought down a general cargo, consisting of ore, fish, lumber, etc. The the season's work, and the fish are be

From Quatsino one of the Scandi-navian settler, S. Sorensen, who is suffering from some internal trouble, was rought down to go into the Jubilee hos pital for treatment. He was accom-panied by his brother. A: Sorensen,

The new cement sidewalk on Belle-lle street is nearly finished, and will be formally opened to the public this A number of mining men from Quat-sino were also passengers by the steamer The Royal Templars of Temperance will enjoy an outing at the Gorge this evening. Cars will leave Yates and Government streets at 7.30. Friends are invited to come and enjoy the outing.

—Chong Hong, accused of perjury, came up yesterday afternoon to elect for trial. He decided to take speedy hearing, and the date for trial was fixed for Thursday before Judge Harrison. to Victoria. They say that great developments are likely to take place in the Quarsino region this summer. The June group especially is regarded as likely to show fine results. The owners are get-ting ready to spend a lot of money on the

claims.

At Deer Creek, also, the prospects are very encouraging. The Queen City expects to bring cown with ber on her next trip a large consignment of ore from the Deer Creek properties. Those valuable claims are situated 18 miles from Clayoquot, and are in the hands of men who have exery confidence in them, and are have every confidence in them, and are prepared to spend a great deal to de-

have exery considence in them, and are prepared to spend a great deal to develop them.

The Indian agent from Kynquot came down on the steamer as far as Klynae, where there was some kind of disturbance amongst the Indians; but not of a very serious character.

The Queen City took the big party of timber cruisers who have been operating up the coast for about two years from Sidney Inlet to Acotka, where they will examine the great timber areas in that region. Capt. Brown returned on the Queen City, having secured at Velulet his Indian sealing erew for the present season. Mr. Campbell, mate of the Queen City, who made one trip on the steamer Princess May, has returned to the Queen City, who made one trip on the steamer Princess May, has returned to the Queen City, who made one trip on the steamer Princess May, has returned to the Queen City, who made one trip on the steamer Princess May, has returned to the Queen City, who made one trip on the steamer Princess May, has returned to the Queen City, who made one trip on the steamer with the West Coast boat. The passenger list of the Queen City was as follows: Mr. C. Mac, B. C. Lakin, J. P. Pearson, S. Sorenson, A. Sorenson, Mrs. B. Murphy, J. 1 nompson, E. C. McKay, Mr. Ceelig, Mr. McPherson, W. C. Brewster, T. Stockam, Mrs. Cox, Mr. Thompson, J. Noad, J. Fischer, A. H. Pentt, J. B. Joseph, Lambound and Mr. Cornelius,

The Queen City will leave to morrow Extensive preparations are being made for the Y. M. C. A. garden party at the home of Mrs. Rogers, 55 Fernwood road, tomorrow afternoon and evening. A platform was erected yesterday to accommodate the Cecilion orchestra. Bunting and lanterus are being put in place today and by tomorrow morning it is hoped to have everything in readiness. A pleasant time is assured all who attend. —Adjt. and Mrs. Nelson, of the Salvation Army, received a telegram on Saturday permitting the continuation of their work here. The usual meeting will be wheld this evening. On Wednesday there will be no meeting, but on all other nights the regular services will be held. The adjutant desires all interested in prison work to help in raising fands for new song books. There are 30 copies needed at 15 cents each. Those wishing to contribute should do so to Adjt. Nelson, 34 Fort street.

Cornelius.

The Queen City will leave to morrow night for Ahousett and way ports of the West Coast.

TEES FROM THE NORTH.

The manager of the Seamen's Institute acknowledges with thanks the receipt of reading matter during the month of May from the following: Mrs. R. Maynard. Mrs. W. Atkins, Mrs. Tack (Rocabella), Mrs. R. B. McMicking, Mrs. Edward Walters (Ganges Harbor, Salt Spring Island); Mrs. J. Van Tassell, the Lord Bishop of Columbia, the Navy League (Victoria-Esquimalt branch), B. C., Dr. J. D. Helmcken, N. Shakespeare, J. C. Mackay, Thos. Jordan, C. Pointer (also flowers), S. G. Russell, A Friend (I box assorted reading matter), the Times and Colonist, daily papers. Cash donations received during the past month from the following are also gratefully acknowledged: Mayor Barnard, W. E. Laird (monthly), Capt. C. E. Clarke and L. Goodaere & Sons. During the past month literature was supplied by the Institute to the crew of the United States government serves ship McArchur. Late hist evening the steamer Tees, Captain Locke, arrived from Northern British Columbia ports. She reported that the salmon free at last running that the salmon five at last "running freely in the northern rivers, especially the Naas and Skeena, and the cameries are beginning to "get busy." The Tees brought down quite a large salmon shipment from the Balmoral cannery on the Skeena, consigned to Germany. This consignment was landed at Vancouver. She had also sixty tons of ore from the Surf inlet mines for Ladysmith smelter, and a quantity of oil from the Skidegate factories.

Amoust the passengers were W. Fleet.

Amongst the passage of the Amongst the passage of the M. M. Brewer, who visited the new mining properties at Prince of Wales Island. Others were B. Groves, manage of Wadham's conners, and J. F. Tweedle, manager of the Surf Inlet in the Manager of the Mana

REGARDED AS BLUFF.

Local marine men regard the intimation published in the San Francisco newspapers to the effect that the Pacific Coast Steamship Company's vessels may cease to cail at Victoria ewing to the new pilotage regulations, as a piece of San Francisco bluff. While the call here makes the Pacific Coast Steamship Company's steamers foreign-going vessels, this can easily be got over by making Port Angeles a first port of call; the vessels could then call at Victoria and maintain likely coastwise standing. Victoria shipping men say that there is little likelihood of Victoria being affected by the new regulations.

KANAGAWA MARU DEPARTS. The Nippon Yusen Kaisha Jiraku.

The Nippon Yusen Kaisha Jiraku

gawa Maru sailed to-day for Yokohama,

and is expected to be one of the last

boats to carry freight to Japan under the

old tariff, as the new war duties come

into force on July 1st. The new tax as

it affects British Columbia is levied prin-

finer grades of salmon, the coarse, salted fish going in as heretofore, duty free. MARINE NOTES

MARINE NOTES.

revenue cutter Rush, disappeared from
the vessel, and has not since been; seen,
It is feared that he met death by drown-The United States lighthouse tende

The United States lighthouse tender Heather visited the harbor to-day, and lay alongside the C. P. R. wharf. She is on her usual coasting cruise from the Sound to Alaska.

Steamer City of Puebla passed in from San Francisco Sunday. She had many passengers and a large cargo of freight for the Sound.

The steamer City arrived yesterday from Ladysmith with coal for the Princess Victoria.

Scaling schooner Eva Marie was towed out verifically to the outer harbor to load her stores for the Behring Searruise.

The steamer Venture left for the north a Monday night, according to her

schedule.

The steames Princess May sailed for Skagway, via Vancouver, last night at 11 o'clock. She had a few passengers from this port, and a quantity of freight for Wrangel.

UNITED IN WEDLOCK.

Miss D. Richardson and Mr. J. C. Hock-ing Married Last Evening at St. Andrew's Church.

A pretty wedding took place last evening at 7.20 o'clock at St. Andrew's Presbyterian church the contracting parties being Miss Dolly Richardson, roungest daughter of Mr. and Mrs. Jorathan Richardson of the "Maron", Mepgies street, and Mr. John Cornellus Hocking, second son of Mr. and Mrs. Wm. Hocking, of Ashcroft, and formerly of Butte. Mont. Rev. W. Leslie Clay conducted the ceremony, and Miss Winnie Fox acted as brides unid, while the groom was supported by his brother. Mr. Tom Hocking. Mesers. Will Hocking and H. Spink acted as ushers.

The bride tooked charming in a gown of cream silk trimmed with Vallence's lace carrying a shower bouquet of white roses. She also wore a veil of Brussels, net leoped with Orange blossoms, a gift of her brother-in-law, Mr. J. P. Fawler, of Scarborough. England. Miss Fox was prettily attired in a white silk dress with a large picture hat to match also carrying a beautiful bouquet of roses. The bride was given away by her father, Mr. J. Richardson. Jesse Longfield presided at the organ.

After the ceremony a reception was held at the residence of the bride's brother, Mr. Percy Richardson, the Manor, when a large number of friends sat down to a sumptuous repast. Advantage was taken of this opportunity to offer congratulations, and well wishes upon the newly married couple. The groom responded in suitable terms, and his remarks elicited enthusiastic appliause.

Mr. and Mrs. Hocking left by the A pretty wedding took place last even ing at 7.30 o'clock at St. Andrew's Pres

als remarks elected enthusiastic applianse.

Mr. and Mrs. Hocking left by the steamer Princess Victoria for Ashcroft this morning, where they will take up their residence. They were the recipients of a large number of costly and useful presents, among which were the following:

ful presents, among which lowing:

Mr. J. Richardson, Princess dresser:
Mrs. J. Richardson, silverware; Mr. and Mrs. Wm. Heckey, check; Mr. and Mrs. Stuart Henderron, silver coffee pot:
Percy Richardson, check; Mr. A. J. and Mrs. Longfield, case of silver spoons; Mrs. J. P. Fowler, England, table centre and pictures; Mr. and Mrs. Doyle, towel rack and whisk; Mr. and Mrs. L. Heald, silver butter dish; Mr. and Mrs. B. H. silver butter dish; Mr. and Mrs. B. H. and pictures: Mr. and Mrs. Doyle, towel rack and whisk; Mr. and Mrs. B. H. Cross Avelin, china dish; Mr. T. Hockey, check; Mr. Will Hockey, check; Mr. and Mrs. Glen Thompson, Butte, Montana, silver fork and knife; Mr. and Mrs. J. E. Smith, Ashcroft, silver sugar shell, butter knife; Mr. L. Eaton, marble timepiece and silver serviette rings; Mr. J. Long, linen; Gordon Peake, silver hot water jug; J. Winsby. Scattle, vsilver candlestick; Herbert Winter, Seattle, silver photo. Arame; Fred. Richardson, check; Mrs. F. Richardson, linen; Mr. and Mrs. Arthur Richardson, silver knife and fork, Mrs. and Miss Flett, silver butter dish; Miss Gibson, silver knife and fork, Mrs. and Miss Flett, silver butter dish; Miss Gibson, silver to strainer; Miss Harper, England, linen; Harry Spink, linen and library books; Master F. Richardson, clock; Mr. and Mrs. W. W. North, gold and silver desert spoon; Mr. and Mrs. Fox, fancy work; Miss Fox, dressing case, Miss W. Fox, handkerchiefs; Jack Hilton, Leeds, Fox, and Mrs. Scarr nightness, Mr. and Mrs. Scarr nightness, Mr. and Mrs. Scarr nightness, Mr. and Mrs. Scarr nightness Mr. and Mrs. Scarr nightness

sective in the same of the surface of the surface of the sealing schooner Annie L. Algar, Captain G. Heater, put to sea to-day bound for the far northern waters on her regriar cruise. She will pick up the Ladian members of her crew along the West Coast of Vencouver Island.

The next schooner to leave will probably be the Jessie, which has aiready secured her Indian crew, who arrived from the West Coast a few days ago.

The Victoria Sealing Company will have a dozen vessels cleared for the sending grounds of the north by the send of the month. Active preparations are now going on at the company's wharf in the upper harbor, where aix or seven schooners are faceiving attention.

Saturday the Fawn, Captain Olsen, and the Carrie C. W., Captain Gullin, went to sea. They will take on their Indians aboug the West Coast.

REGARDED AS BIAFF.

Local marine men regard the intimation published in the San Francisco newspapers to the effect that the Pacific

SELL YOUR COLD FOR \$4?

You surely won't stop at a dollar bill to cure that horrid, sulffeling cold? Go to any druggist and get "Catarrhozone" and your cold will be a thing of the past. There is almost witchery in the swift way Catarrhozone kills colds. But when you consider the penetrating, healing and antiseptic qualities of Catarrhozone perhaps it's not so wonderful. Certainty there is no remedy half so prompt for colds and catarrh-as Catarrhozone, Refuse a substitute and insist on having only "Catarrhozone,"

P. Burrows, an Englishman who had gone to Dover, N. H., it is charged, under contract to be assistant superintendent of the new Velvet Coche Manufacturing Company, was arrested there on Monday on a charge of violating the allen contract law. It is said that Bürrows came to this country from England by way of steamer to Monday.

Sporting News

matches announced to take place here on Friday and Saturday between Vic toria and Vancouver have been declared owing to the poor gates received at Oa Bay. They will be played at Vancouve the Victoria team taking part in a seri of six matches with the Terminal City.

GAME POSTPONED.

GAME POSTFONED.

An intermediate match was scheduled be played between the Oak Bay and Fe wood teams last evening on the forms grounds. The F, Y, M, A, nine, hower failed to appear and the game and to

CLOSE CONTEST

The Fernwood amateur senior team of feated the Nanaimo nine on Sunday by score of 3 runs to 1. The game was ve

PLAYER RELEASED. Williams, who has been playing left fle

for the Victoria team, was released by Howlett in Scattle, but was immediately signed on by Vancouver. He left on the next steamer for the Terminal City. RESULTED IN DRAW.

match between Victoria and Vanco The match between Victoria and Vancou ver yesterday at the Terminal City resulted in a draw, both having 8 runs at the finish of the ninth lining, when the contest was called owing to darkness. The game start ed at 6.45 o'clock and the moon was shining. In the latter part of the last inning, whet Vancouver obtained 3 runs and the game was declared a tie. After Effectson, who was twirling for the Victoria nine, had beet batted out of the box. Howelst faced the was twirling for the Victoria nine, had been batted out of the box, Howlett faced the alluation, being confronted by a group of widdly shouting rooters. He got a little rattled and sent three men to bases on balls, forcing one home with two men out. Smith tapped the ball and two runs were scored. Shortly after the last player was retired and the umpire declared the game a draw for the reason mentioned. The score by innings follows:

Victoria.

Victoria. 0 3 0 0 1 0 0 4 0-8 reported hitting.

TO ENFORCE RULE.

The Vancouver club management, it is stated, will have to weed out some of the high salarled players employed on the Terminal City team. This is the result of the complaint lodged by Manager Howlett, of the Victoria club, with President Lucas. The latter realizes that the teams must keep as near as possible the limit originally fixed in order that the league's existence may not be brought to a premature close. President Tulk, of the Vancouver club, corroborates these statements. He says that Manager McCloskey has ocen given a certain strend within a few weeks his certain itime to reduce his expanses, and unless he succeeds in bringing them down a certain extent within a few weeks his capitation would be asked for. In this equinction it might be mentioned that President Pussell, of the home club, contends that at least five of the present Vaic course players must be released in order to bring the solary list within the limit and offers to produce the contracts with his his players in sederate verification.

MEXTING TONIGHT.

The Vancouver club management, it is state and Jones.

STRENGTHENING TEAM.

**A meeting of the executive of the Victoria club was held last evening, when business of some importance came up. It is understood that steps will be taken to strengthen the blocal tweity to an even greater extent for the forth-coming match with Vancouver on local grounds. Three new men will contract within a few weeks his resignation would be asked for. In this equinction if might be mentioned that President Pussell, of the home club, contends that at least five of the present Vaictoria is promised. Other matters were discussed. The intended in the line-up, but, for me from a near-by American city saying a situation awaited my coming. Will you return? We can only "groess" again.

Victoria is the "swellest" little place on the Coast, but she "greases" too much. In Seattle when a person dust of the present vaiction will be held at the club house, when he limit and offers to produce the contr

From now on it is likely that the teams will be more evenly balanced. The Victoria team is now much stronger than was the case a fornight ago, and Manager Howlett is confident of the ability of his nine to cope successfully with any of the lengue

COMPLETE AVERAGES.

The batting and fielding averages of members of the Victoria team up to the 6th inst. have been prepared by F. Stevenson, who has been following the records of individual players with interest. Hutchison still leads at the bat, although he has fallen considerably in the past week. McManus

EOMBS IN SCHOOL.

Pittshurg, Pa. June 12.—Two bombs were found to day on the premises of the Springs by public school of this city by Lewis Balter, the janitor. Both were usual guncorton, metal tube and powder. They were about two inches in diameter, several inches long and fitted with a brass cap. Both are now in the possession of the authorities. No reason cap be given for the selection of the school as the object of any attempted outrage. There are a number of Russian families in the vicinity of the school, many of whom, it is said, are, so far as Russia is concerned, intensely anarchistic. In view of this the police are conducting their investigations amongst the for-charges. Pittsburg, Pa., June 12 .- Two bombs

Fire which started in East Main street, Walla Walla, on Monday destroyed the agricultural implement house of John Smith & Co., Bvery stables of Dr. H. H. Davidson, residence of James McAuliff, small dwelling of Harry Krutz, of Scattle, and the Barker building, owned by Jacob Betz, of Tacoma. The loss is estimated at \$75,000. Insurance, \$15,000.

The deepest sounding yet made in the minon of Canada. Mailed to any address on receipt of price and four 3-cent postage to the east of New Zealand. Here the sea is 30,930 feet deep.

A NATIVE SON'S PROTEST.

To the Editor: Last Christmas I re-urned to Victoria after an absence of a ew months. I only intended staying a ew days and returning to my position in near-by city. A few days home with my mother and old friends awakened a tesire to stay. I thought that finding a position at home would be an easy mat-er, so I "threw up" my job and re-named.

my other and old friends awakened a desire to stay. I thought that finding a position at home would be an easy matter, as I "three will have also more an experience, which are also more an experience, which are also more an experience, which are also more allary ability in hilling. It is pointed out that outsideders hitting under two bundred would not be retained on a team of standing, and while exceptionally fine infeders are sometimes forgiven for a low batting average, none of the local players can be privileged on that occount. The figures follow:

kable Discovery by a Britis Scientist—Experiments on Himself,

Himself,

The Marshall Hall prize, given every five years by the Royal Medical Society, has been awarded to Henry Head, for an important discovery of the workings of the nervous system, says a London dispatch. Prof. Head had the sensory nerves of his arm divided and then he watched the sensations that followed. Then he had the nerves re-united by stitching, and he watched the progress of recovery. The result was that he discovered that there are two distinct sets of sensory nerves. One conveys the sensations of pain, heat and cold, and the other, the sensations of touch and also enables one to localize the sensations accurately. The healing power of the skin depends entirely on the former.

HAD TO RELY ON THE SIGNALS FROM FLAGSHIP

Russians Were Unprepared to Meet Japanese- Vessels Sunk by Mines and Floating Torpedoes.

Vladivostock, June 12.—A series of interviews which the correspondent of the Associated Press has had with naval officers who survived the battle of the Sea of Japan has developed a most sensational story of the Russian disaster.

Arst of all was the complete demoralization which followed the sinking of the flagskip Kuiaz Souvaroff and the wounding of Admiral Rojestvensky, which is explained by the fact that not a single officer of the fleet knew the commander-in-chief's plans. The admirals of divisions knew ne more than the sub-lieutenions knew no more than the sub-lieuter

Admiral Nebogatoff, on whom the command devolved, had seen Rojestven-sky only once after the juncture of their

sky only once after the juncture of their squadrons.

All the stories of the target practice at Madagascar, it seems, were false. During the entire voyage there was practically no training in gunnery worthy the name, and the big gun practice was confined to three shots per vessel.

Ugly stories are told of the happenings at Madagascar. Some of the crews certainly were untrained in gunnery, and, exhausted by the eight months' voyage under trying moral and physical conditions, were no match for the valiant Japanese, whose marksmanship was wonderful. They concentrated their fire on one ship until she was placed out of action, and then on another; thus successively sinking the Oslabya, Alexander ..., and Kniaz Souvaroff.

PROVINCIAL NEWS.

re of the fleet knew the commanderhief's plans. The admirals of divisknew no more than the sub-lieutenh, and had to rely on the signals of
flagship.

Imiral Nebogatoff, on whom the
mand devolved, had seen Rojestvenonly once after the juncture of their
divors.

It he stories of the target practice at

A nugget of gold weighing two ounces was found Monday upon the Greenhorn property, near here, by the proprietors, E. O. Nelson and J. P. Sweborg. The property is situated between the Poorman and Granite, and the wein is white quartz from two to four feet wide. Other nuggets up to a half ounce in weight were found at the same time in a lot of 175 tons of quartz sent for crushing. The discovery has caused some excitement locally.

varoff.

Some ships developed deplorable structural defects. The Oslabya sank without having a single hole below the water line. Heavy seas entered the vessel above the water line and the water tight compartments, which were changed several times during the voyage, did not stand the strain they had been calculated to stand, and burst, and, fooding the hull, the vessel turned turtle.

The lack of homogeneity among the ships made it impossible to manoeuvre in harmony. The Vladimir, Monomach, Admiral Oushakoff and Adimral Seniavin had to lag behind on this account, becoming easy victims.

Finally the ammunition was exhausted after the first day's fighting.

Even the very morning of the battle, while the buzzing of the wireless in the structural defects. There will be no strike on the Fraser this year. Late Saturday the fishermen's year. Late Saturday the fisher men's union met and if the Japanese association had accepted the canners' offer. Thus for the coming season the price of fish will be tween and a laft cents per fish for the coming season the price of fish will be tween and a laft cents per fish for the canners' offer. Thus for the coming season the price of fish will be coming season the price of fish will be coming season the pr

win had to lag behind on this account, becoming easy victims.

Finally the ammunition was exhausted after the first day's fighting. Even the very morning of the battle, while the buzzing of the wireless institutions in the Harring ships showed that the Japanese scouts were communicating his dispositions to Admiral Togo, Admiral Rojestvensky continued his ceaseless manoeuvring, and when the Japanese actually appeared the Hussians were caught in an impossible formation, and were attacked on three fronts.

Rojestvensky's position was cramped, and his transports were badly placed, and his transports were badly placed.

world. At one point the span is 40 feet fronts.

Rojestvensky's position was cramped, and his transports were badly placed, and caused confusion while the Japanese were raining projectiles even from machine guns on the Russian ships.

The latter were huddled together, blanketing each other's fire. Only the leaders of the columns could bring their guns to bear, and even those the untrained gunners fired wildly. To render matters worse, the mines and floating torpedoes sown in the paths of the Russian division added to the confusion. The Borodino, Admiral Nakhimoff and Navarin wictims to these obstructions.

It is a heart-rending narrative, and Russia and the world should know that the saliors and officers were not altogether to blame. The main fault lies elsewhere. There were many heroes among the Russians. Capt. Berkh, of the Oslabya, committed suicide on his bridge as the ship sank, rather than save himself. There were thousands of other heroes whose names the world will never know.

BUSSIAN CAVALRY

DISLODGED BY JAPS.

Tôkio, June 12.—Official announces

history of Canada was in 1900, when it reached 31,000 tons. It was Mr. Buchanan's impression that the next fiscal year will witness a production equal to that of 1900, Asked what price the miners of this section were getting for their lead, Mr. Buchanan replied that they were receiving \$2.50 a hundred pounds, which was the price they desired when the bounty was requested by them from the Dominion. They can get no higher price than £16 in the modon market. In speaking about the Huntington-Heberlein furnace, which is in use at the smelting plant of the Sullivan Mining Company at Marysville, in East Kootenay, Mr. Buchanan said if the furnace is the suncess that is anticipated, it is very probable that this type of furnace will be installed in the other lead smelters of the Kootenays. If is the furnace of the sulphur that they do not need an admixture of silicious ores to absorb the sulphur. The plant at Marysville, and the increase in the amount of the values saved. The furnace so effectually gets rid of the sulphur that they do not need an admixture of silicious ores to absorb the sulphur. The plant at Marysville, in leave been getting in shape and which will be ready to take advantage of the land one. Mr. Buchanan is of the opinion that the bounty has had a beneficial effect on the silver-lead mining industry. In proof of this he told of a number of leading properties in the Slocan that have been getting in shape and which will be ready to take advantage of the latter than the lead bounty has had a beneficial effect on the silver-lead mining industry will be in operation. He further thought that they do not need an admixture of silicious ores to absorb the sulphur. The plant at Marysville, and the lead convolved to the sulphur that they do not need an admixture of silicious ores to absorb the sulphur. The plant at Marysville, and the lead convolved to the sulphur that they do not need an admixture of silicious ores to absorb the sulphur. The plant at Marysville, and the plant at the present the sulphur that they

Tenders for Government of British Columbia 3½ Per Cent. Debentures.

Cherry Pectoral. Doctors have prescribed this medi-cine for over sixty years. They heartily endorse it for all diseases of the throat and lungs, coughs, colds, bronchitis.

Best way to keep it small is not to call the doctor, but use Nerviline instead. For minor allments like colds, coughs, chills, cramps, headache and stomach trouble Nerviline is just as good as any doctor. It breaks up a cold in one night, cures soreness in the chest, and for neurolight, cures soreness in the chest, and for neurolight, toothache and rheumatism you can't get anythine atlends far and wide. Good for everything a liniment can be good for and costs but 25c. for a large bottle. Nearly 50 years in use.

PHOENIS.

J. P. Graves, vice-president and general manager of the Grauby Company, arrived in camp Thursday accompanied by General Superintendent Hodges of Grand Forks. Mr. Graves has just revalled to the company. He says that the new three comparinent main work in galact, while hi is estimated will cost the company \$100,000 when completed and equipped, will be started shortly and will be so situated and arranged that the ore can be delivered to either the C. P. R. or Great Northern for transportation to the company's smelter as forks. It is the ing shaft, which it is estimated will cost the company \$100,000 when completed and equipped, will be started shortly and will be so situated and arranged that the ore can be delivered to either the C. P. R. or Great Northern for transportation to the company's smelter at Grand Forks. It is the intention to equip the head-works at the shaft with the latest and best hoist to be had, together with an ors crusher to the two now in use at this company's mines, which will have a capacity of about 1,500 tons daily. On heing asked regarding the progress of the increase of furnace capacity, etc. at the smelter, Mr. Graves stated that the new work was progressing satisfacturily, the smelter, Mr. Graves stated that the new work was progressing satisfactorily, the machinery for the two new furnaces is on the ground and being set up, the brick for the new smoke stack and the dust chamber is practically all burned and being laid, and that some time the latter part of July the complete battery of eight furnaces would be in working order. With the new electrical equip-ment needed, the works will use up ore at the rate of from 75,000 to 80,000 tons monthly, and turn out copper bars at the

at the rate of from 75,000 to 80,000 tons monthly, and turn out copper bars at the rate of 60,000 to 75,000 pounds per day, besides the gold and silver values.

Last week the Granby Company sent out the first ore from the recently acquired Monarch claim, about 100 tons having been shipped to the smelter. At present the ore for these small shipments is being taken to the C. P. R. by wagon, but it is expected to construct a wagon, but it is expected to construct tramway a little later for the economics handling of the ore from the Monarch.

The Indians at Clo-cose are holding a big potlateh on the beach there and ac-cording to latest reports, are enjoying themselves as only Indians in potlatch

The Dominion Government towing steamers now being built at the Victoria Machinery Depot Company's yard is rapidly taking shape. The steam riveter is doing great work on her.

said:

"Yes, the W. F. M. appointed me to act as their representative here until a regular member of the executive could be detailed to take up the work. It is also true that a general order was passed by the general convention that full support be given the Nanaimo men as long as the trouble is unsettled, and, further, that this support will be given by the federation to all men who prove themselves worthy to receive it, whether they are members of the W. F. M. or not. This, in fact, is the regular way in which the federation does its business, and Nanaimo will be no exception to the rule." St. Andrew's Society held a meeting

Dr. Fagan made an interesting announcement at a meeting of the local branch of the Anti-Tuberculosis Association yesterday afternoon in the city hall. It was in effect that he had selected a site for the sanitarium to be erected, the locality being in what is known as the dry belt. He also reported that excellent progress was being made by the branches at Vancouver and New Westminster. It was further announced that the city council had made an appropriation of \$750 to the fund while the King's Daughters donated \$250. Mrs. Rathum

Scattle, Wash., June 13.—The Pacific Coast Steamship Company last night received a cable from Nome announcing the safe arrival of the steamer Senator, the first liner of the season to reach port. No ice was encountered in Behring Sea. The Oregon, Victoria, Olympia, Seal and Valencia are due.
